## Profile

Motivated MERN Stack Developer with hands-on experience in building scalable full-stack applications using React.js, Node.js, Express.js, and MongoDB. Proficient in designing and integrating REST APIs, implementing authentication, and creating responsive user interfaces with Tailwind CSS. Adept at delivering clean, maintainable code and deploying applications for optimal performance and user experience.

## Experience

**MERN Stack Intern** – VyanWebs Pvt. Ltd. | Feb 2025 – May 2025

- Developed and maintained responsive web applications using React.js, Node.js, and MongoDB. I'm unable to directly edit documents, but I can guide you through the process. If you share specific details or sections, I can suggest how to condense or reformat them to fit your resume onto one page.
- Built REST APIs for smooth frontend-backend communication.
- Designed and implemented UI components with Tailwind CSS.
- Delivered production-ready features within tight deadlines.

## Projects

**Ved Travel** – Travel Booking Website | April-June

- **Developed** a full-stack travel booking platform leveraging **React.js, Node.js, Express.js, and MongoDB**, enabling secure and efficient travel reservations.
- **Built and integrated** robust **REST APIs** for booking creation, updates, cancellations, and search functionality, ensuring smooth frontend-backend communication and currently Live .
- **Implemented** secure **JWT authentication** and **role-based authorization** for user and admin accounts, enhancing platform security.

### HOTEL MANAGEMENT SYSTEM (HMS)

- **Designed and developed** a hotel management dashboard using **React.js, Node.js, Express.js, and MongoDB** for end-to-end room, booking, and customer management.
- **Implemented** CRUD operations for rooms, reservations, and user data, ensuring smooth admin operations and real-time updates.
- **Built** secure **JWT-based authentication** and **role-based access control** for admin and staff accounts.

### APNA SALONE – SALON & BEAUTY SERVICE PLATFORM

- **Designed and developed** a hotel management dashboard using **React.js, Node.js, Express.js, and MongoDB** for end-to-end room, booking, and customer management.
- **Implemented** CRUD operations for rooms, reservations, and user data, ensuring smooth admin operations and real-time updates.
- **Built** secure **JWT-based authentication** and **role-based access control** for admin and staff accounts.

## Education

### Bachelor of Business Administration (BBA)

K.K. Vigyan Mahavidyalaya, Indore  
2023 – 2026 (Expected)

## Skills

**Frontend Development:** React.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap

**Backend Development:** Node.js, Express.js, REST API Development

**Database Management:** MongoDB, Mongoose

**Tools & Platforms:** Git, GitHub, Postman, VS Code, Render, Vercel
